ABUS Kransysteme GmbH - P.O. Box 10 01 62 - D-51601 Gummersbach - Phone: +49 2261 37-7202 - E-Mail: info@abuscranes.com

The ABUS LPK mobile gantry is the right solution if a permanently installed hoist is not needed but crane usage is required at several different points. The crane is designed for ABUS electric chain hoists with load capacities up to 2000 kg.

It features as standard four steerable stopper rollers, two of which have 90° direction locks, making the crane very easy to move. This crane is also designed for easy dismantling and with two sizes the crane dimensions can be adapted across a wide range.
